

Sodium Bicarbonate: Country of Manufacture & Manufacturing Address

This letter is to confirm that Genesis Alkali, LLC manufactures 100% of the sodium bicarbonate product in the United States of America at the Green River, Wyoming facility. The Genesis Alkali Wyoming, LP facility in Green River, Wyoming borders on Highway 374 and Westvaco road traverses through the center of the property. Corporate documents often reference P.O. Box 872, Highway 374, and 580 Westvaco Road on the address. All three addresses represent the same corporation (Genesis Alkali Wyoming, LP.) and facility location.

Read the product Safety Data Sheet (SDS) prior to using the chemical.
